2nd September 2024

Dear Residents,

PARKING ON MONDAY 9th SEPTEMBER

Filming will take place on Princes Gardens on Monday 9th September. The film production company has arranged with Ealing Council for parking bays to be suspended in the area - please see the map on the back for full details.

As this will be inconvenient, we have liaised with them on your behalf and made alternative arrangements for parking. You have two options:

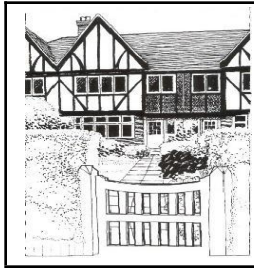

1. From the evening of Sunday 8th September to the evening of Monday 9th September, you can park in front of your garage on the service road behind your house.
 - a. You will need to show the parking permission slip (on the back of this letter) in your car to be allowed to do this. If you need to use the security gate where the film crew are located (marked on map on back), you will need to show this slip to the security guard to obtain access. This will make sure only residents use the service road for parking.
 - b. Please park as close to your own garage as possible so that other vehicles can get past.
 - c. Between 4 and 7pm it will not be possible to use the gate at the bottom of Princes Gardens loop (marked on map on back)
2. The film production company has arranged alternative free parking from Sunday 8th evening until Monday 9th evening at Acton Garden Village Association. The address is Alwyn Gardens, Acton, W3 0JH.

The film company will finish in the area around 8pm and you will then be able to park on the street as usual, with the exception of 3 parking bays which will remain suspended until the end of the week.

Any questions on the day please contact Piotr Litwinski, Assistant Location Manager on 07497 383 436. Updates on our website: <https://www.hhgera.com/filming-2024>

The production company is making a substantial contribution to Residents Association funds for use of the service road. We will bring proposals to the next AGM on how this should be used.

Yours,
Kate Crossland
Chair, Hanger Hill GARDen Estate Residents Association
